

**THE PENSACOLA GULF COAST
BONSAI SOCIETY**

PGCBS MEETING: August 11, 2010, 7:30; Pensacola Garden Center, 1850 N 9th Avenue and Avery Street, Pensacola: Program: Member Workshop—Bring Your Own Material; Host/Tokonoma; Mike Hartand Jean Jongewaard.

June Meeting:

> **REMEMBER THERE IS NO MEETING IN JULY!**

> The Host/Tokonoma post was shared by Mary Anne Holland and Van.Watson. Van showed a lovely miniature crepe myrtle and gave a short explanation about a tokonoma. She touched on the use of the screen and the accent plant as well a bit of the history behind it.

> Five members went to work on the juniperus procumbus nana. Thekla had picked up some beauties. Two members brought their own plants, so there will junipers to use in another workshop. Pierre, Mike, Jean, Bob and Rosemarie were used as assistants making sure the owner of the plant did the work. Mary Anne Holland had a serissa while George Bailey worked on a maple.

> Welcome to new members: Genia (Ron) Weidler; Russ Poerner; Mike McQuaid and Kean (Lin) Engie. That is a nice list. If you haven't already, hello as they arrive at the meeting and make them welcome

> Members who participated in the 9 June 2010 Cascade Juniper Workshop, please bring your plant to the August meeting to get a cascade pot.

> *Bonsai tools will be available for purchase, look over your supply and see what you need. You might be lucky enough to find them in my stash when you come to the August meeting.* Thekla.

> Ben Oki has a tour set up going to Japan Feb. 14 through Feb. 24, 2011. Anyone interested call Jean, Thekla or Rosemarie. The itinerary is all set up. This a great trip and Ben will be there to host the event. All you have to supply is the money and you are ready to go. This editor wishes we could all go; we would all learn and have lots of fun at the same time.

> Haiku of the month--Oil Spill

By the sea

moon weeping

tide in, tide out.

Events to Remember
