Mike Rogers

Friday night January 15, 2008

6 PM to 10 PM

Friday night is the opening night for the exhibit and judging will be done by visiting artists. The trees will be awarded and pictures may be taken at this time. The People's Choice Award will be voted on at this time. The judges will each critique the exhibit after judging is finished.

Suthin Sukosolvisit will be the demonstrator at the Friday night Reception. He will be working on Dwarf Crape Myrtle. As always there will be refreshments provided.

Meet the vendors and shop and ask questions about styling and growing bonsai. The vendors will be there to answer questions and help you with styling questions and basic bonsai issues.

Demonstrations and Workshops

Demonstrations and Workshops are a large part of any convention and **Joy of Bonsai** is just that, a mini convention with world class bonsai artists and vendors to meet your every need.

The demonstrations will continue non stop all day with alternating artists. The day will end with an auction of the demonstration trees.

Workshops will be opened on a first come first served basis, until they are filled. The workshop forms should be filled out and sent as soon as possible to insure your slot. The forms must be accompanied by a check. Kawa will supply wire and instruction but registrant must bring his or her own tools for the program.

Workshops must be pre-registered.
