5:00 – 6:00 PM	Daily Auction of Demonstration Material	

Workshops

Workshop I – Suthin Sulkosovisit

\$150.00

Sageretia theezens Chinese Sweet Plum Shohin Bonsai

These sweet plum trees all have huge trunks and incredible trunk movement. Suthin will assist you in designing these beautiful trees with incredible trunk movement to create high-quality shohin-sized bonsai trees. Lots of branches to work with above beautiful rootage. Ready to be repotted and styled in your three-hour workshop. Only eight (8) participants allowed in this workshop. There will be plenty of time and to make sure everyone is completed at the end of the class. *An astonishing deal for these beautiful trees!*

Workshop II – Rob Addonizio

\$25.00

Utilizing Aesthetic Principles in Container Selection

We will begin with a participants' critique of 3–5 trees from slides. This will help to get everyone's design juices flowing. From that critique we will springboard into Rob's presentation, that should be about 45 minutes. Participants will receive detailed handouts. The presentation will include several side-by-side comparisons and an extensive look into color relationships. Participants can bring a tree in a container for suggestions and peer review.

Workshop III – Suthin Sukosolvisit

\$65.00

Bring Your Own Tree Workshop

Eight (8) participants will style and worked on their bonsai under the watchful eye of Suthin. Style and/or repotting allowing only one tree per participant. This is a great opportunity to continue working on a tree with Suthin. Especially helpful if he has seen the tree previously and will help bring the tree to the next level. Don't miss this opportunity to work with one of the best artists in this country.

Many great vendors are scheduled to attend including: specialty bonsai potters; bonsai supplies will be available – soil, tools, wire; and most importantly trees: bonsai, prebonsai and raw stock!

We have a full and fun weekend planned!

*Don't miss the **Kawa Bonsai Society's** Tenth Annual Joy of Bonsai!*
