1. Disney and BSF have stipulated the minimum heights (pot and tree) of the two tree categories. Large trees must not be less than 30." Smaller trees must not be less than 15." These height requirements are adhered to strictly. For 2010, a maximum of 3 smaller trees will be selected and up to 17 large trees will be selected. A total of 21 trees will be accepted.
2. If more than one tree is proposed, copy and complete one application form for each tree.
3. All trees **must** be anchored (i.e., wired or tied securely) into the pot by the owner. Disney will secure each tree by the pot to its stand or resting area.
4. Color photographs (3"x 5" minimum) of all tree(s) proposed are required. If you have 8"x10" photo it's even better. Aside from form, size and variety these photos provide the main information for selecting a tree. Tree images should "fill the frame" of the photograph, be in focus and true in color, and light contrast behind the trees is a must.
5. The EPCOT Flower and Garden Festival will be run for 75 days from March 3 – May 16, 2010. Specific information regarding the set up and strike dates and times will be forwarded to the selected applicants.
6. Disney provides hotel reservations for out of town exhibitors while at Epcot, i.e., one night each for delivering and picking up bonsai. A meal allowance is provided for each exhibitor and expenses are allowed for car mileage. Trailer rental expenses are covered, so pooling for transportation should be considered. Appropriate receipts must support all expenses. More details of this will be provided later.
7. Disney will provide two (any single park) tickets valid for one year for selected applicants (two tickets per family maximum).
8. Send your application and photos to
Paul Pikel, Chair BSF/EPCOT Coordination Committee
